COVER .. MATTAPOISETT WHARF IN EARLY 1900's
UNFORTUNATELY THERE ARE NO KNOWN PICTURES OF THE
ROCHESTER COASTLINE IN THE EARLY DAYS OF THE TOWN
NOR EVEN IN THE EARLY DAYS OF SEPARATION WHEN THE
WHALESHIP BUILDING INDUSTRY MADE A BUSY PLACE OF
THE MATTAPOISETT HARBOR. OUR COVER PHOTO DOES
SHOW SOME OF THE BUILDINGS WHICH WERE ERRECTED TO
SERVE THAT INDUSTRY AND THE LATER PLEASURE BOATS
WHICH FOLLOWED. OVER THE STERN OF THE SAILBOAT
IS THE OLD SAIL LOFT WHICH SURVIVED UNTIL THE 1938
HURRICANE DEMOLISHED IT. THE CENTRAL BUILDING
IS THE ADDISON CURTIS PLUMBING SHOP AND BEHIND IT
IS PURRINGTON HALL. ON THE RIGHT IS THE BUILDING
WHICH BECAME THE FIRST ANCHORAGE. IN THE FORE-
GROUND ON THE RIGHT IS JOB BOLLES, LEWIS BOLLES'
FATHER. ON THE RIGHT FOREGROUND, LEANING ON
HIS CANE IS CAPTAIN FREEDOFF TALKING WITH CAP-
TAIN HARRMAN ON THE BICYCLE.

lighting which he said is very inefficient as compared to the high pressure sodium. The present lamp bulbs are 100 watt and yield 1000 lumens of light. The proposed high pressure sodium are 70 watt and yield 5800 lumens of light. The plan proposes a 5-year changeover schedule of 20% of the town per year. At the present time the town has 342 street lights with a total annual billing of \$15,894.17. The total annual net increase is \$8,001.85, an increase of 50%. The company puts the average cost per 1000 lumens for the year beginning 1979 at \$33.58 (with 296 open incandescent). Should the changeover take place the estimate per 1000 lumens for the year beginning July 1, 1984 would put the cost per 1000 lumens at \$11.12 (with 296 high pressure sodium).

Mr. Mendoza explained that municipalities which enter into this agreement are eligible for discounted annual charges over the changeover period 1979 to 1984, after which basic annual charges will apply. Chairman Hubbard and Mr. DeCosta advised Mr. Mendoza that they will study the plan and discuss it with the full Board.

TO THE PEOPLE OF MATTAPOISETT

Within the next few days you will find in your mailbox a letter that will give you an opportunity to help one of your neighbors; to show that Mattapoissett is special. The letter is being sent by a group of townspeople who have formed a committee of volunteers to help raise funds to pay some of the expenses faced by the James Shepley family as a result of a tragic accident last fall.

They will need to buy special equipment, build an addition on their house and finance special care for Jamie, who is quadriplegic.

Whatever help we can give will be most appreciated.

Faster sub-zero starts... engines will turn over faster even down to -45°F below zero; beyond where conventional oils freeze solid.

AND THAT'S NOT ALL!

Longer oil change interval... 25,000 miles or one year, whichever comes first.

Increased gas mileage... one test car got 27 more miles per tankful.

Reduced oil consumption... up to 25% improvement in engines in good mechanical condition.

Excellent hot weather performance... up to 580°F engine temperatures; far beyond where conventional oils eventually break down.

Keeps engines cleaner... 78% less build up on intake valves in one test.

Better engine protection... virtually no measurable wear in test engines run an average of 27,000 miles without an oil change.

This issue of Presto Press carries our regular monthly ad listing the March bus and Minibus trips for Seniors. Please cut out this ad and save it for future reference. Please note that anyone planning to make the Tuesday, March 13th, trip to the Yarmouth Inn must make the reservation at once. We have been asked to let the Inn know as soon as possible the number of Seniors to expect.

We have scheduled a big bus trip to the Spring Flower Show at Commonwealth Pier, as we have for the last two or three years. We suggest packing a lunch to take with you, rather than having to wait in line at one of the eating booths. However, those of you who desire a restaurant will find the No-Name Restaurant quite close and I am sure that you can get a pass, or be stamped, so that you can return to the Flower Show. If you go to the restaurant be sure to let the Senior in charge know, so that we can account for everyone as we load the bus

"Guys & Dolls"

AT TABOR

The musical drama of the Tabor Music Department this year will be the ever popular "Guys & Dolls". Students from Tabor and the Marion-Mattapoissett area will present this production on Friday and Saturday, March 2nd and 3rd, in the Lyndon South Auditorium at 8:00 P.M.

Directed by Mrs. Nancylee Gaucher, the production features Tabor boys on the streets of New York in the 40's as snappy crapshooters idolizing "Lady Luck". Girls from local communities appear as teasingly entertaining strippers from the "Hot Box". Adding a sober note to the plot is the "mission gang" seeking salvation for dice rollers and fancy strollers.

Mr. Michael Pavone, Music Director, will accompany at the piano along with Matt Smith on drums, Chris Gaucher on flute, and Robert Rheinhagen on bass. The public is cordially invited. No reservations are necessary.

the American Cancer Society is only concerned with research. But helping the cancer patient is another major ACS responsibility.

"Free clinics for detection of cancers of the breast, lung, colon and rectum, and other sites; seminars for medical professionals, transportation for patients, and a 'loan closet' of sick room supplies - these are just a few of the ways the American Cancer Society puts the contributions of Marion's citizens to work."

Attorney Schaefer urged Marion residents to join in the Massachusetts Cancer Crusade by becoming ACS volunteers, having a health checkup and giving generously when an American Cancer Society volunteer calls.

Attorney Schaefer and his wife, Lori, are the parents of 3 daughters: Cathy, Beth and Christine. They are communicants of St. Rita's Church.

Mr. Schaefer has a B.A. from Tufts University and a Juris Doctorate degree from Fordham School of Law. He is a partner in the law firm of Fleming & Schaefer with their office located at 19 County Road, Mattapoisett.

TOBEY CHAPLAINS' DAY

The second annual Tobey Chaplaincy Day will be observed in area churches on March 4th, the first Sunday of Lent. One of the original ecumenical thrusts of our area, the Tobey Chaplains minister to Tobey Hospital in Wareham through the efforts of area clergy and three part-time chaplains in a cooperative venture with Tobey's "total patient care". Hospital patients are visited regularly by these trained persons, who notify the patients' pastors and call on those unaffiliated people who desire the services of a minister. The chaplains are also available to the staff, and hold occasional services during the holidays for the staff members who are unable to attend services because of their hospital duties.

Through the years the cooperation and professionalism has increased within the program so that it is now an official ingredient of the Tobey Hospital program

The world's largest squash was grown by Bob Ford of Pennsylvania. From a vine yielding 1,016 pounds of fruit, he picked a 451-pound squash that grew, on the average, 7 1/2 pounds a day.

March also marks the one-hundredth anniversary of the birth of Albert Einstein, and public television commemorates both the man and his work. EINSTEIN'S UNIVERSE (Tuesday, March 13 at 8 P.M.), hosted by Peter Ustinov, focuses on demonstrations and explanations of Einstein's works, in language and images understandable to non-scientific or theoretical minds. NOVA: Einstein (Thursday, March 15 at 8 P.M.) looks into how Einstein reached some of the most dramatic conclusions ever to affect mankind. Delving into the forces at work in the social, political, cultural, and scientific communities at the time Einstein was working, the program will give the audience a fuller comprehension of the scope and magnitude of Einstein's thinking.

the Julliard String Quartet and permanent conductor of the Hartford Symphony Orchestra, will conduct the Hartford Symphony at Southeastern Massachusetts University on Tuesday, March 13, at 8:00 P.M. The concert, which will take place in the SMU auditorium, will include works from the eighteenth, nineteenth, and twentieth centuries.

The Hartford Symphony and Arthur Winograd have won acclaim at home and abroad. The New York Times critic Harold Schonberg praised Arthur Winograd for creating one of the finest orchestras in the country, "well disciplined and exceedingly powerful". Critic Raymond Ericson, also of the Times, said, "The performance was richly detailed and ... an outstanding achievement for the conductor". The Christian Science Monitor called Winograd's conducting "eager, energetic and earnest", and judged the orchestra as "ranking with the best known orchestras throughout the land".

The Hartford Symphony Orchestra's appearance at SMU is sponsored by the Cultural Affairs Committee and The Board of Governors. Cultural Affairs Series events are subsidized by the students of SMU through the Student Senate and by a grant from the New England Foundation for the Arts.
